

PREVENTION  
PARTNERS<sup>SM</sup>  
*healthy places change lives*

## About Our Products and Data

The nonprofit Prevention Partners builds healthier communities through a suite of products that guide schools, workplaces, hospitals and clinics to address the leading causes of preventable disease: tobacco use, poor nutrition, physical inactivity and obesity. Our ultimate vision: Healthy places change lives.

[WorkHealthy America](#) collects organization level data on over 675 workplaces for over 100 indicators regarding policy, benefits, and environments while helping organizations make evidence-based changes. Additional workplace products include Simple Steps and WorkHealthy Global.

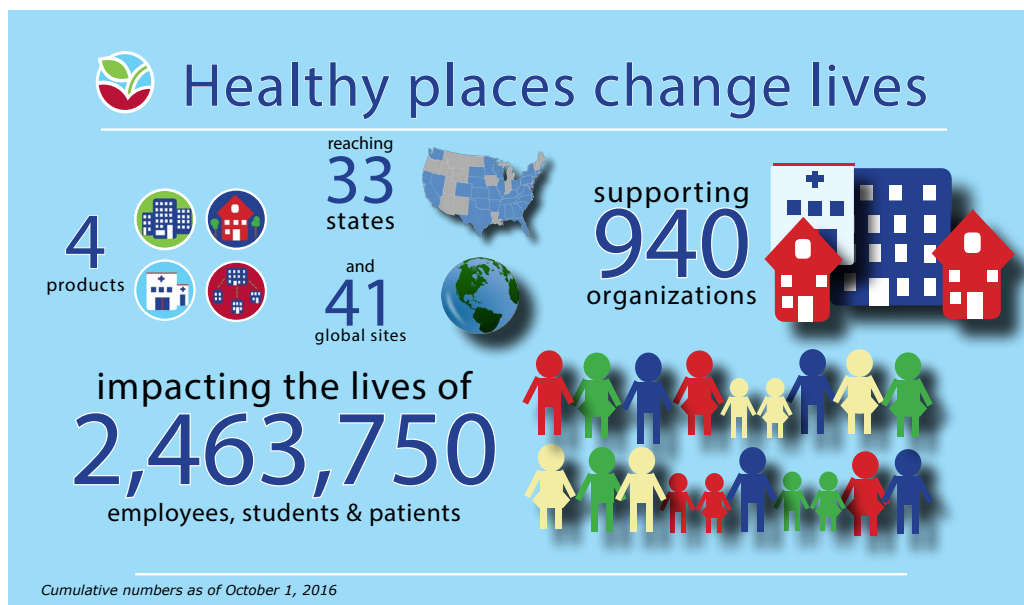

[LearnHealthy America](#) Collects data and guides implementation for nutrition and physical activity environments for over 100 schools or school districts.

[Patient Quit Tobacco System](#) collects data and helps hospitals and clinics create comprehensive tobacco cessation systems.

[LeadHealthy America](#) guides leadership partners with metrics on participation, progress and outcomes; a searchable toolbox of resources; and targeted recommendations for rapid improvement.
